

Morning Traffic Plan

- Note separate entrances.
- K-4 drop off in front, 5-8 in back, mixed cars can choose.
- Try to establish carpools.
- Form single lines, pulling all the way forward to drop students off.
- Students should exit car promptly on right side, avoiding use of trunk.
- Watch for crosswalks and follow directions of traffic directors.
- Cars needing to park should use lane nearest Walnut Hill in front.
- Parents are welcome to park and walk young students in at the start of school. Traffic will move faster when students grow accustomed to the drop off.
